ADA, OKLAHOMA, WEDNESDAY EVENING, MAY 18, 1910

NUMBER 37

HYDE CASE TO SUPREME COURT

Will Not Go to Prison, Will Remain in Solitary Confinement.

Kansas City, May 17.—If Dr. B. Clarke Hyde's attorneys carry his case to the supreme court the physician will not have to go to prison pending action on the matter by the higher tribunal. He must remain in jail here, however.

This announcement was made by Judge Ralph S. Latshaw late today. Earlier he had said the statute provided an appeal did not act as a supersedeas, but on further investigation he found he was in error.

Attorneys for the convicted man said tonight it was possible that a motion for a new trial would be made before Judge Latshaw tomorrow morning. In case it is denied the appeal will be filed with the supreme court at once. All the papers for the latter action are prepared.

It was rumored tonight that Hyde's attorneys will claim the jury was tampered with. Prosecutor Conkling is investigating.

Every time one travels over the Santa Fe from Oklahoma City to Guthrie or returns, he donates thirty-five cents to the republican campaign fund. If he travels farther, he pays more. Remember this on election day.

ENGLAND MOURNS KING IN SILENCE

Funeral Services Short and Simple. Body Lies in State Till Friday.

London, May 17.—Simple ceremonies marked the removal today of the body of Edward VII from Buckingham palace to Westminster hall, but more impressive than the presence of kings and the gorgeous uniforms of state officials and officers of the army and navy was the silent grief displayed by the British people, who massed behind double lines of soldiers, watched with strained eyes and bowed heads, the passing of the gun carriage that bore the coffin of the monarch.

The queen mother, Alexandra, who rode in the first state carriage, suffered with queenly dignity, and King George, walking behind the coffin with his two sons, the Duke of Cornwall and Prince Albert, showed no sign of the burdens of sorrow and state that rested upon his shoulders.

EARTH ENTERS COMETS TAIL 11:20 TONIGHT

THOUGH ENVELOPED IN GASEOUS VAPOR NO HARM WILL COME TO OUR PLANET.

ELECTRICAL DISTURBANCES LIKELY

Advisable to Disconnect Telegraph Instruments—Comet Brighter Friday and Saturday Night.

Dallas, Tex., May 18.—All is ready for the plunge of the earth, through the tail of Halley's Comet, for the act is set for twenty minutes after 11 tonight, and will continue from three to seven hours. The approach of the celestial vagabond will be hailed from houstop and parapet and on the roofs of the great hotels person of jovial natures will feast as they wait for the enveloping luminosity.

It may be that the aurora borealis will be called into play and that the passing of the great pennant will be visible, but on that point the astronomers express doubts. The gases which compose the twenty-five million mile long appendage are more tenuous than the vacuum which the average airpump can produce, and as the molecules average about two or three to the cubic yard there is not much chance of their seriously damaging any of the bystanders.

"Will there be heavy lightning from an electrical disturbance if the comet's tail is made up of cathode rays, as advanced in some theories?" was another question.

Answering this, Father LeSage takes the position that the electrical conditions will be general and not of the sort to produce severe lightning. He thinks it possible that where there are clouds the clouds may become charged with electricity and result in the usual lightning discharge from the clouds. The universal distribution of wires over the world today, he thinks, has a direct effect on distributing any electrical condition and spreading it in all parts alike.

Disconnect Telegraph Apparatus.

"I should think it would be advisable to disconnect telegraph instruments, at least until the electrical effect or absence of it, is determined," he said.

The investigation of the electrical effect Father LeSage looks upon as one of the greatest opportunities of-

GOOD TAILORING

Is what gives all clothes style and permanency of shape; it is the vital feature of clothes making and without it any garment will soon lose its shape.

Hart, Schaffner & Marx
Fine Tailored Clothes

are well tailored throughout. They have a graceful, pleasing shape that is worked into the garments as they are made and which guarantees permanent and lasting style.

This season is a lively one in the variety of weaves and patterns. Gray seems to lead, plain grays, checks, stripes, plaids, all sorts of mixtures; also a big range of good blues in all patterns, some lined and half lined, some silk lined. The pants, some are plain, others in half peg and some full peg with a 3 inch turn at bottom.

We're pretty certain if you once determine you want permanency in shape, "quality," style and an all wool suit, you'll come to us for your clothes.

Suits from \$10, \$15, \$20, \$25

We are sure we can save you from \$5 to \$10 on every suit you get here.

Boys Wash Suits, ages 3 to 12, prices from 50c to \$1.50.

Fine shirts, fine hosiery, gloves, spring and summer underwear, a fine variety in neckwear. We can supply any man with the things he wears.

The Home of Dressy Clothes For Men, Young Men and Boy's

Better Clothes--Better Values Without Extra Cost

A third of a century ago Schloss Bros. & Co., started out to make the best clothes of any house in America—today they are still making better and finer garments.

This house is the Supreme Past Master of the craft, always producing new things. It has imitators but no competitors.

In each garment the reputation of the Schloss Label is safeguarded in every stitch and inch of material

Brainy men recognize that fine clothes are an important factor, therefore they insist on the Schloss Bros. & Co. label—they accept no others—they know the force of the Biblical wisdom—

A good name is better than great riches; and good favor is above silver and gold.

Prov. Chap. 22, VI

We've a splendid line of these superb

Schloss Baltimore Clothes

You'll find them no more in price than the ordinary

ferred by the present visit of the comet. Extensive preparations are being made to observe the aurora borealis, if it is developed, and its development, Father LeSage says, will practically demonstrate the electricity in the comet's tail, he said.

Neither does Father LeSage expect any earthquakes or ground tremblings, and he does not feel convinced that the recent seismic disturbances are connected with the visit of Halley's comet.

"If conditions were just right, and an occurrence of this sort was just impending, it might 'set them off,'" he said. The veneration of a disturbance of this sort by the comet he considers impossible.

Thinks It Semi-Transparent.

Even were the head of the comet to smash directly into the earth, there would probably be no effect. To support this belief is the fact that astronomers are able to see stars directly through the heads of comets. This, Father LeSage says, shows that the head of the comet is either not solid matter, or, if it contains solid matter, it is composed of parts in rapid movement, so they may be seen through just as the spokes of a rapidly revolving wheel fail to obstruct the view of an object on the other side of them.

That the comet has some material substance is shown by the fact that it has weight. "If you take two balls and fasten them to opposite ends of a rubber band, stretch them apart and let go, the one will travel further than the other in going together, by observing the deflection of comets from their courses by other heavenly bodies and their effect on the other bodies it is demonstrated that they have weight.

Father LeSage has found no authoritative record of the reported reddening and yellowing of the sky when Tebbett's comet brushed the earth with its tail in 1861, and a subsequent darkening to a green. Even were such an occurrence to take place as a result of the sun's rays passing through the head of the comet before reaching the earth, it would not be noticeable in America, for while it is still daylight here, the comet's head will not be between the earth and the sun, and by the time daylight has come again it will have passed out of line and the rays will only pass through the tail in reaching the earth.

According to calculations, the head

Ramsey Drug Co.
Phone No. 6

of the comet will be about 2,000,000 miles away from the earth as the earth passes through the tail. The earth will be moving at the rate of about 65,000 miles an hour, and the comet's tail will be whipped in the opposite direction at the rate of over 100,000 miles an hour. Therefore the earth will pass through nearly 170,000 miles of the tail in an hour. It will go through the tail from side to side, and the time of passage is variously estimated from twenty-five to

thirty-seven hours. The comet was last visible seventy-five years ago, and another seventy-five years will pass before it is seen again.

The last comet through whose tail the earth passed was Tebbett's comet. This incident occurred June 30, 1861.

Mrs. Mattie Guest and daughter, Miss Mary, have returned to Kingston after several days visit with Mrs. Minnie Spradling.

The republican press has told you
time and again that the "extra ses-
sion" cost the state nearly \$100,000.
But has it ever mentioned that by
passing the fees and salary bill alone
it saved the state each year at least
\$400,000? Has it ever told you that
on a single bill it saved the state
four dollars for every dollar expen-

d?

Has it ever told you that

the special session investment pays
the state year a dividend of 400 per
cent a reasonable profit. Suppose you
ask your republican neighbor if he
favors the state spending one dol-
lar to save four.

When the corporation commission
declared that the Oklahoma railroads
are making handsome profit on the
money they have invested, Judge
Hook decided that the state had set
too low a valuation on the railroad
property. When the state attempted
to collect from the railroads, taxes
based on the alleged law valuation,
the collection was enjoined by Judge
Cottrell on the ground that the val-
uation was too high. We presume that
both decisions were sound, but we
don't understand them.

While the Republicans are so ve-
hemently crying "extravagance, will
they please bear in mind that the
expense of maintaining the federal
government in the four years 1905-09
was greater than the expense of
maintaining the same government in
the four years 1861-65, when a million
soldiers were in the field.

The little town of Wann in Nowata
county has a population of 600, all
white. A negro is not allowed to
spend the night in the town. Yet,
thanks to a republican census super-
visor, an illiterate negro, Sam
Evans, has been appointed to take the
census of Wann.

TERRIFIC EXPLOSION KILLS 30, INJURES 50

Roar Heard Three Miles Away—Bod-
ies Blown to Atoms—Identifica-
tion of Dead Difficult.

Canton, O., May 17.—With a roar
that was heard three miles away, a
battery of seven boilers at the plant
of the American Sheet & Tinplate
company exploded today, killing from
20 to 30 men and injuring about 50.
Among the injured are a half dozen
who cannot recover.

The explosion's force was terrific.
The big plant is a total loss. A mere
egg shell of the building is left.

Identification of the men were dif-
ficult because many of them were
mutilated. Heads were blown from
several bodies, arms and legs were
torn from the trunks. Fragments of
bodies were blown blocks from the
scene and bits of human flesh have
been picked up on porches and roofs
of houses and in trees.

There were 100 men at work in
the plant at the time of the acci-
dent. But a dozen or so escaped
some injury. These and others who
rushed to the plant as soon as the
disaster was known, worked heroical-
ly to rescue the injured from the
ruins, which soon took fire.

Members of the bereaved families
rushed frantically to the plant and
thence to hospitals and residences
near the ruined shops, in an effort
to find some trace of their loved
ones.

The body of one man, unknown,
was blown through a house 700 feet
from the plant. The body entered the
house from the east side and con-
tinued in a straight line through a
bedroom and out the west side. The
torso of another man was found in
a garden 500 feet away.

"For God's sake hit me on the
head and kill me," cried one work-
man to a man who found him. The
injured man had an arm torn off and
a great hole in his side.

The plant had five mills. All the
employees working at mills one, two
three and four were either killed or
injured, while the men in mill No. 5
farthest from the boilers, escaped
serious injury.

ANNUAL LETTER OF COUNTY SUPERINTENDENT

OF PONTOTOC COUNTY. ANNUAL
SCHOOL MEETING JUNE
7, 1910.

ORDER OF BUSINESS.

1. Meeting called to order by Di-
rector or Chairman.
2. Reading County Superintend-
ent's letter.
3. Reading of Clerk's Annual Re-
port.
4. Reading of Treasurers Annual
Report.
5. Approval of reports if they
agree and are correct.
6. Referring same to an auditing
committee if they do not agree.
7. Election of Clerk for a term of
three years.
8. Election to fill vacancy in of-
fice of Director or Treasurer if any-
one is filling those places by appoint-
ment since last annual meeting.
9. Discussion of repairs, improve-
ments and the purchase of any sup-
plies.
10. Determining length of school
term.
11. Making estimate for mainte-
nance of school.
12. Qualifying newly elected of-
ficers.
13. Miscellaneous business.
14. Reading and approving min-
utes of to-day's meeting.

To the Officers and Patrons of the
Pontotoc County Schools:

The time has again come for hold-
ing the Annual School Meeting, the
object of which is to attend to all
those duties which count for the
success of your school. In order that
this meeting be a success it is neces-
sary that all your deliberations be
done in a harmonious and agreeable
way.

Presiding Officer.

The Director presides at this meet-
ing. If he should be absent, those
present may choose the temporary
officer.

Election.

Elect at this meeting a clerk for
three years. If your Director has
been appointed since last annual
meeting elect one for one year. If
your Treasurer has been appointed
since last annual meeting elect one
for two years. If a vacancy exists
in either office elect in like manner.
Election may be by ballot or accla-
mation.

Apparatus and Supplies

It is a source of congratulation to
note that nearly every school in the
county has been supplied with the
necessary equipments. I have visit-
ed about seventy schools in the
county during the present term, and
find that in nearly every school a
full set of globes, maps, charts and
dictionary in use. This speaks well
for the schools of Pontotoc county.

There is one matter that I wish
to call your attention to especially.
That is with reference to school li-
braries. While we have done some
good work in starting these libraries,
yet there are many schools that have
not accomplished much in this di-
rection. The law provides that the
district employing one teacher shall
set aside each year not less than
five dollars and not more than ten
dollars for this purpose; two teach-
ers not less than ten dollars and not
more than twenty dollars. More than
three teachers not less than twenty
five dollars. This is done at the
time the annual estimates are cer-
tified. No levy is required for this
purpose, but the amount in is to be
certified to the County Clerk. After
the opening of the schools in the
fall I shall again furnish the teach-
ers with a list of library books, and
would insist that you see that the

library is kept growing each year
as the law requires. A good book
to read is a blessing and an inspira-
tion for any boy or girl to read, and
we can place these advantages at
their hands in the rural schools as
much so as if they were in the cities.
These books may be read by every
person of the district, thereby mak-
ing every school district an intel-
lectual as well as a social center.

I am glad to see that nearly every
school in the County has a good well
of water, and no county in the state
is blessed with as fine water as Pon-
totoc county. I would suggest that
the trustees see that this water is
occasionally kept drawn off during
vacation, and especially before the
schools open in the fall.

School Buildings.

In the matter of school buildings
no county in the state is ahead of
Pontotoc county. One year ago we
had built twenty new school build-
ings, and I expressed a hope that
we could build twenty more in the
course of another year, but we have
beat that. Instead of having forty
new buildings, we have fifty out of
sixty-one rural school districts. These
are nicely fitted up with every
convenience, and they are having a
splendid influence upon the attend-
ance at school. I find too that much
pride has been taken in the planting
of trees and beautifying the grounds.

The school house is the social cen-
ter of the school neighborhood. It is
the place for your religious gather-
ings, singing conventions, library so-
cieties, political meetings, etc., and
I would suggest that at all these
meetings the people refrain from ab-
using the house in any way. Fre-
quently after these meetings teachers
and pupils are compelled to ginger
around puddles of ambar after en-
tering the building. This is not right.
Often a teacher or the pupils are
compelled to clean up after these
gatherings. I am sure you are charit-
able enough to let me call your at-
tention to this, for no teacher can
instill pure thoughts into the minds
of your boys and girls in the midst
of filthy surroundings.

Compulsory Law.

The attendance has been good
throughout the county this past term.
While the compulsory school law
has not been all together complied
with, yet it is becoming more res-
pected each year. The people are re-
garding it as a just law, and a
safeguard to the education of the
children.

Election of Teachers.

There are three grades of county
certificates. First, Second and Third.
Sometimes a very well educated per-
son holds a Third grade because of
not having taught. Again an applicant
may ask for a school who holds a
certificate issued by one of the State
Normal schools. This certificate may
be only a second grade and yet may
be called a State certificate, be-
cause heretofore it has been good to
obtain a school anywhere in the
state. You may distinguish between
this and the regular state certi-
ficates of the First grade. I would
suggest that you in your contract
with teachers you specify a certain
number of months with the under-
standing that if the funds run short
you are not to issue warrants that
will extend beyond the following
tax levy which frequently may short-
en a school term.

Estimate of Expenses.

Under the House Bill No. 14 known
as the Excise Law it becomes no
longer necessary for the trustees to
make a tax levy in so many mills,
but the law provides that the di-
rectors of each school district shall
meet on the first Monday in July
of each year, and shall respectively
make out an itemized statement of
the estimated needs thereof for the
current expenses of the ensuing fi-
scal year. Said estimate shall show,
first, any unexpended balance on hand
of the levy for any previous year or
years for current expense purpose;
you pass upon the estimated need at
this meeting, and have same ratified
by the trustees first Monday in July.

Second, the statement must show
any income for school district pur-
poses and shall include the appor-
tionment of the County and State
school fund based on the distribu-
tion for the last preceeding fiscal
year;

Third, this itemized estimate must
be expressed in dollars, and must
show amount necessary for teacher's
salary, library fund, sinking fund,
sufficient annually to pay at maturity
bonded indebtedness of such district.
Also the amount necessary to pay to
the interest coupons falling due on
its outstanding bonded expenses,
such as fuel, fixtures, etc.

Each estimate for each school dis-
trict shall be published in some news-
paper published in the county in
four consecutive issues of a daily of
two consecutive issues of a weekly
paper. Said publication shall be made
in each instance by the board of au-
thority making the estimate. Said
estimate so made out and published
shall as soon as completed, be cer-
tified to the excise board of the county
together with an affidavit showing the
publication thereof as required by

the Act.

Excise Board.

The excise board to whom the es-
timated expenses are submitted is
composed of the County Clerk,
County Treasurer, County Judge,
County Attorney and County Superin-
tendent. This board shall meet at
the County seat on the last Satur-
day of July of each year for the
purpose of examining the estimates
of expenses for the county and for
each city, incorporated town, em-
bracing a city of the first class, town-
ship and school district therein. They
shall have power to revise and cor-
rect any estimate certified to them
when the amount thereof is in excess
of the just and reasonable needs of
the municipality for which the same
is made. When they shall have ap-
proved each estimate, if the same shall
be within the limits for current ex-
penses and shall have ascertained
the assessed valuation of property
taxes in each school district they
shall then make the levy for school
purposes. If any estimate certified to
the excise board for current expenses
of any school district shall exceed
the limit of five mills prescribed by
House Bill No. 14, and the excise
board is of the opinion that such
excess is reasonable for current ex-
penses of the school district, they
shall enter such fact upon the record
of their proceedings and shall give
notice by publication in one of some
newspaper, printed in the county,
that a special election will be held in
the school district on the second
Tuesday after the first Monday in
August next thereafter, for the pur-
pose of submitting to the qualified
electors of such school district, the
question of making such increased
levy, 10 mills being the limit for
schools districts.

It shall be the duty of the school
trustees in each school district to re-
cord in a book kept for the pur-
pose the names of all legal voters
within such school district and at the
election where it is proposed to vote
an additional levy above the five mills
herein authorized for school purposes
the election shall be held to be a
legal election when 30 per cent. of
the total number of legal voters liv-
ing in such school district shall par-
ticipate therein. I have given above
only such information from House
Bill No. 14 as applies to school dis-
tricts. Any one wishing a copy of
this bill may write to Hon. Wm.
Cross at Guthrie, or enclose 4c in
stamps to Jasper Sipes, Oklahoma
City, for a copy of the New School
Law which will include all new edu-
cational laws passed by extra ses-
sion of the legislature.

Conclusion.

I am proud of what Pontotoc
county has done during the past 12
months. We have accomplished great
things along school lines, but still
we are not perfect, but by every-
body working in the harness together
we can make this county the ban-
ner county of the state. I would en-
courage the very best teachers you
can get for the money. I would insist
upon frequent visits to the school by
trustees and patrons. You will find
your county superintendent ready to
aid in any way possible to promote
the best interest of your school.

Hoping that the next year's work
will be most prosperous, I am,
Very truly yours,
T. F. PIERCE, Co. Supt.

J. FRANK LILLY AN ADA
VISITOR YESTERDAY

The genial, able and all round
school man, J. Frank Lilly of Tish-
omingo, county superintendent of
Johnston county, was in Ada yester-
day, getting in readiness to enter
his duties as a member of the sum-
mer normal faculty. It is needless to
mention that he has the chair of
German in 1910-11. We are glad to
see Mr. Lilly with the E. C. S. N.

Franklin was the guest of Mr. and Mrs. J. H. Griffith Sunday. Mr. and Mrs. Lynn of Oakman were visiting Mr. and Mrs. Wallace Lynn last week. Crops are looking fine in this vicinity. The farmers are all rejoicing over the general rains.

DISCOVERY OF OLD POEM. Believed Was Written by Charlemagne Nearly 1,200 Years Ago. Rome, May 18.—Cardinal Rampolla has made an interesting literary and historical discovery, particulars of which are given in the "Theologie und Glaube," of Paduborn. His eminence devotes a portion of his time to the study of the codices of the Vatican library, and in his researches he found a poem of Charlemagne's, the existence of which was known, though the text was believed to be lost. The poem will be published in a volume of "Anecdota" which will contain only unpublished documents. The learned member of the Sacred College is convinced, for reasons both intrinsic and extrinsic, that Charlemagne himself is the author of the poem. It contains forty verses elegantly composed. The cardinal says that the great composer expresses in eloquent terms in his name and that of his consort, the Empress Hildegard, their feelings of sorrow of the occasion of the death of their child. The poem is of great value in itself, but its value is all the greater in that it furnishes exact data on the genealogy of the Carolingian dynasty.

COUNCIL MEETING

There was no quorum present Monday night and the council adjourned to meet at 2:30 p. m. Tuesday.

Met promptly Tuesday at appointed time with Chapman, Hope, Weaver, Crowder and Grigsby present.

An ordinance relating to and regulating the construction of buildings in the city was read, referred to ordinance committee on a motion by Evans and seconded by Chapman, carried.

Ordinance defining petty larceny and prescribing the penalty, was read and referred to ordinance committee on motion of Hope and seconded by Crowder.

An ordinance providing for the collection of fines etc, was read, referred to ordinance committee on motion by Chapman and second by Grigsby.

An ordinance regulating the use of vehicles in the city was read and referred to ordinance committee on a motion by Hope, seconded by Grigsby.

Ordinance regulating the speed of railroad trains in the city limits was read and referred to ordinance committee upon a motion by Evans and seconded by Crowder.

An ordinance prohibiting defacing public buildings was read the second time and considered section by section. Evans moved and Hope seconded that ordinance be finally passed. Ayes, Chapman, Hope, Weaver, Grigsby, West, Crowder and Evans.

Ordinance relating to fire department read second time and considered section by section. Hope moved and Chapman seconded that it be passed; Ayes, Chapman, Hope, Grigsby, Weaver, West, Crowder, Evans.

Ordinance relating to and prohibiting the keeping of hogs in pens in the city limits was read the second time. Hope moved and Evans seconded that ordinance be passed. Ayes, Hope, Grigsby, West, Crowder and Evans. No: Chapman, Weaver.

Ordinance closing places of business on Sunday was read a second time. Weaver moved its passage and Evans seconded the motion. Ayes: Weaver, West; No: Chapman Grigsby, Crowder and Evans.

Ordinance prohibiting carrying of fire arms and other weapons read and referred to ordinance committee upon motion by Evans and seconded by West.

Crowder moved and Chapman seconded that city attorney be instructed to proceed with condemnation proceedings and rely on council to stand pat.

JUDGE POWERS MAILS POSTALS

What Appeared Childish Indulgence; a Nice Idea and Clever Advertisement

Judge Charlie Powers passed the News office today on his way to mail a lot of picture post cards, with a look of interest, coupled with reflection on his judicial countenance, suggestive that he was up to something a little out of the ordinary. When the reporter jocularly remarked to him for such childish indulgence by a sedate judge, he exhibited the numerous postals he was sending to friends away. On each of the post cards were elegant photographs of the three public and high school buildings of the city, representing an investment of \$75,000. Judge Powers said: "This is the way I am celebrating the 10th anniversary of my arrival in Ada. Ten years ago when I reached here, this was a field, which I am indicating to my friends on these picture postals. Such relation, together with the pictorial showing, will tell the story to them of the remarkable achievement of the people here who have built one of the finest little cities in the great state of Oklahoma."

GOVERNOR'S VISIT FRIDAY IMPORTANT TO COUNTY

IF YOU WANT TO KNOW MR. HASKELL SURE ENOUGH, HEAR HIM FRIDAY.

Governor Haskell will visit Ada for the fifth time Friday, the four latter events being in speech-making capacity. His first visit was during 1900 in the interest of railroad construction; the second visit early after the conclusion of the Constitutional Convention when speaking to a moderate crowd at the court house, he defended the accomplishments of the Constitutional Convention delegates; his third appearance was during the national and minor state campaign of 1908, this city being one of his stops at the time of his famous dash over the O. C. Ry. The next and last visit of Governor Haskell to Ada was distinctly one of good will and compliment to the city of Ada. A state normal college had just been located at Ada and the governor's friends felt that he had contributed much toward its securing.

Governor Haskell came to Ada and congratulated her citizens, said he was glad and many other friendly references caused the folks of Ada and her friends to view him in the friendliest possible manner.

The governor will return to Ada Friday and while his characteristic smile and hand clasp will be ready for those receptive one with whom he may come in contact, or who afford him opportunity to personally address them, the reason of his presence is to make a speech of much consequence to the people of Pontotoc county.

Except for a possible characterization or two concerning affairs more or less local to the city and county, it is thought that Governor Haskell's address will be along the lines of the one delivered at Alva the other day that not only electrified his audience of several thousand but created a fever of thought among the people of Northwest Oklahoma that must reap uncalculable results.

Weatherington's Ice Cream parlor was the scene of a somewhat unexpected jollification yesterday afternoon.

A young man and a young lady both of Center walked in and asked permission to have a wedding ceremony conducted in the rear of the parlor. The manager readily consented and in a very short time a large crowd had gathered to see the two lives made one. Rev. Nettles officiated and the wedding march was played by Miss Pearl Johnson. After the ceremony, a graphophone played, "I Am Married Now" and that aroused the newly weds to the fact that they were really man and wife.

The program was rather impromptu but it was carried out to the satisfaction of all present.

The young man was John R. Clerk and the girl Ethel Thomas, aged 21 and 16 respectively.

Memorial Service Postponed

The Confederate Veteran Memorial services which was scheduled for last Sunday at the Presbyterian church did not occur on account of stormy weather and under consideration, the veterans have decided to postpone such memorial services as was proposed, until the first Sunday in June at three o'clock at the Presbyterian church. The program for last Sunday's proposed services which had been prepared by the U. D. C.'s was very nice and it is hoped that the ladies will remember to arrange another nice program for the occasion of the memorial services the first Sunday in June.

Bailey Says Letter Misconstrued.

Gainesville, Tex., May 17.—When the Dallas News reached this city this morning containing a letter Senator Bailey had written S. L. Russell at Plainview, stating he would support Colquitt for governor if it should develop Poindexter had no chance of being elected and that Mr. Colquitt's platform was more in accord with his views than that of Poindexter's, it immediately became the topic of discussion in Mr. Bailey's home town. W. H. Dougherty, a close friend to Mr. Bailey, wired him at Washington regarding the letter and the following telegram was received this afternoon:

Washington, May 17.—W. H. Dougherty, Gainesville, Tex.: Your telegram received. I have written no letter which by any possible construction suggests that I would under any circumstances favor Colquitt over Poindexter. J. W. BAILEY.

PRESBYTERIANS TO MEET

Eighteenth General Assembly to Convene in Tennessee Soon.

Dickson, Tenn., May 18.—The 18th general assembly of the Cumberland Presbyterian Church will be convened in this city next Thursday, to be in session seven days. Besides discussing and planning ecclesiastical affairs for the coming year, the denomination centenary is to be celebrated. Delegates from sixteen States will attend.

More than usual importance is attached to the assembly this year because of the status of the controversy between the Cumberland Church and the Presbyterian Church, U. S. A., representing that faction of the Cumberland Church which amalgamated with the Northern Church, so

called, several years ago.

Property valued approximately at \$3,000,000 is in litigation, each church claiming the right to title. Supreme Court decisions in several States show opposing views as to the merits of the cases, and a course of procedure will probably be determined on in an effort to bring the dispute to a final adjudication.

The woman's board of missions will meet in conjunction with the assembly for three days.

Dickson was selected as the meeting place this year because of the fact that the church had its inception with the gathering of four ministers of the Cumberland presbytery, which separated from the Presbyterian Church, U. S. A., early in the nineteenth century, in a log cabin near this city, hence the derivation of the name.

WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place.

"I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health.

"My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health.

"Cardui is worth its weight in gold. I recommend it for young and old."

Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women.

It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way.

Try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all dealers.

The Governor will positively fill the Ada appointment for Pontotoc county

Friday, May 20 at 2 p. m. Sharp

HEAR HIM

HYDE CASE TO SUPREME COURT

Will Not Go to Prison, Will Remain in Solitary Confinement.

Kansas City, May 17.—If Dr. B. Clarke Hyde's attorneys carry his case to the supreme court the physician will not have to go to prison pending action on the matter by the higher tribunal. He must remain in jail here, however.

This announcement was made by Judge Ralph S. Latschaw late today. Earlier he had said the statute provided an appeal did not act as a supersedeas but on further investigation he found he was in error.

Attorneys for the convicted man said tonight it was possible that a motion for a new trial would be made before Judge Latschaw tomorrow morning. In case it is denied the appeal will be filed with the supreme court at once. All the papers for the latter action are prepared.

It was rumored tonight that Hyde's attorneys will claim the jury was tampered with. Prosecutor Conkling is investigating.

Every time one travels over the Santa Fe from Oklahoma City to Guthrie or returns, he donates thirty-five cents to the republican campaign fund. If he travels farther he pays more. Remember this on election day.

ENGLAND MOURNS KING IN SILENCE

Funeral Services Short and Simple. Body Lies in State Till Friday.

London, May 17.—Simple ceremonies marked the removal today of the body of Edward VII. from Buckingham palace to Westminster hall, but more impressive than the presence of kings and the gorgeous uniforms of state officials and officers of the army and navy was the silent grief displayed by the British people, who massed behind double lines of soldiers, watched with strained eyes and bowed heads, the passing of the gun carriage that bore the coffin of the monarch.

The queen mother, Alexandra, who rode in the first state carriage, suffered with queenly dignity and King George, walking behind the coffin with his two sons, the Duke of Cornwall and Prince Albert, showed no sign of the burdens of sorrow and state that rested upon his shoulders.

EARTH ENTERS COMETS TAIL 11:20 TONIGHT

THOUGH ENVELOPED IN GASEOUS VAPOR NO HARM WILL COME TO OUR PLANET.

ELECTRICAL DISTURBANCES LIKELY

Advisable to Disconnect Telegraph Instruments—Comet Brighter Friday and Saturday Night.

Dallas, Tex., May 18.—All is ready for the plunge of the earth through the tail of Halley's Comet, for the act is set for twenty minutes after 11 tonight, and will continue from three to seven hours. The approach of the celestial vagabond will be hailed from housetop and parapet and on the roofs of the great hotels person of jovial nature will feast as they wait for the enveloping luminosity.

It may be that the aurora borealis will be called into play and that the passing of the great pennant will be visible, but on that point the astronomers express doubts. The gases which compose the twenty-five million mile long appendage are more tenuous than the vacuum which the average air pump can produce and as the molecules average about two or three to the cubic yard there is not much chance of their seriously damaging any of the bystanders.

Will there be heavy lightning from an electrical disturbance if the comet's tail is made up of cathode rays as advanced in some theories? was another question.

Answering this, Father LeSage takes the position that the electrical conditions will be general and not of the sort to produce severe lightning. He thinks it possible that where there are clouds the clouds may become charged with electricity and result in the usual lightning discharge from the clouds. The universal distribution of wires over the world today, he thinks, has a direct effect on distributing any electrical condition and spreading it in all parts alike.

Disconnect Telegraph Apparatus. "I should think it would be advisable to disconnect telegraph instruments, at least until the electrical effect or absence of it, is determined," he said.

The investigation of the electrical effect Father LeSage looks upon as one of the greatest opportunities of

GOOD TAILORING

Is what gives all clothes style and permanency of shape; it is the vital feature of clothes making and without it any garment will soon lose its shape.

Hart, Schaffner & Marx

Fine Tailored Clothes

are well tailored throughout. They have a graceful, pleasing shape that is worked into the garments as they are made and which guarantees permanent and lasting style.

This season is a lively one in the variety of weaves and patterns. Gray seems to lead, plain grays, checks, stripes, plaids, all sorts of mixtures; also a big range of good blues in all patterns, some lined and half lined, some silk lined. The pants, some are plain, others in half peg and some full peg with a 3 inch turn at bottom.

We're pretty certain if you once determine you want permanency in shape, "quality," style and an all wool suit, you'll come to us for your clothes.

Suits from \$10, \$15, \$20, \$25

We are sure we can save you from \$5 to \$10 on every suit you get here.

Boys Wash Suits, ages 3 to 12, prices from 50c to \$1.50.

Fine shirts, fine hosiery, gloves, spring and summer underwear, a fine variety in neckwear. We can supply any man with the things he wears.

The Home of Hart, Schaffner & Marx Fine Clothes, John B. Stetson Hats, Manhattan Shirts

Hagan Shoes or Oxfords in all styles \$5.00 to \$6.50
W. L. Douglas Shoes or Oxfords \$2.50 and \$3.50

I. HARRIS

The Home of Dressy Clothes For Men, Young Men and Boy's

Better Clothes--Better Values Without Extra Cost

A third of a century ago Schloss Bros. & Co., started out to make the best clothes of any house in America--today they are still making better and finer garments.

This house is the Supreme Past Master of the craft, always producing new things. It has imitators but no competitors.

In each garment the reputation of the Schloss Label is safeguarded in every stitch and inch of material

Brainy men recognize that fine clothes are an important factor, therefore they insist on the Schloss Bros. & Co. label--they accept no others--they know the force of the Biblical wisdom--

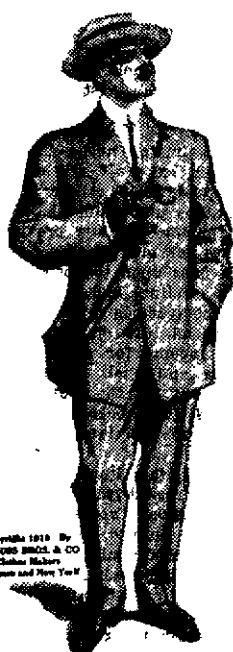

A good name is better than great riches; and good favor is above silver and gold.

Prov. Chap 22, V1

We've a splendid line of these superb Schloss Baltimore Clothes

You'll find them no more in price than the ordinary

C. R. DRUMMOND, Clothier and Furbisher, Ada, Okla.

Copyright 1910 By C. R. DRUMMOND, A. C. O. The Schloss Bros. & Co. Baltimore and New York

ferred by the present visit of the comet. Extensive preparations are being made to observe the aurora borealis, if it is developed, and its development, Father LeSage says, will practically demonstrate the electricity in the comet's tail, he said.

Neither does Father LeSage expect any earthquakes or ground tremblings, and he does not feel convinced that the recent seismic disturbances are connected with the visit of Halley's comet.

"If conditions were just right, and an occurrence of this sort was just impending, it might 'set them off,'" he said. The veneration of a disturbance of this sort by the comet he considers impossible.

Thinks It Semi-Transparent.

Even were the head of the comet to smash directly into the earth, there would probably be no effect. To support this belief is the fact that astronomers are able to see stars directly through the heads of comets. This, Father LeSage says, shows that the head of the comet is either not solid matter, or, if it contains solid matter, it is composed of parts in rapid movement, so they may be seen through just as the spokes of a rapidly revolving wheel fail to obstruct the view of an object on the other side of them.

That the comet has some material substance is shown by the fact that it has weight. "If you take two balls and fasten them to opposite ends of a rubber band stretch them apart and let go, the one will travel further than the other in going together by observing the deflection of comets from their courses by other heavenly bodies and their effect on the other bodies it is demonstrated that they have weight.

Father LeSage has found no authoritative record of the reported reddening and yellowing of the sky when Tebbett's comet brushed the earth with its tail in 1861, and a subsequent darkening to a green. Even were such an occurrence to take place as a result of the sun's rays passing through the head of the comet before reaching the earth, it would not be noticeable in America, for while it is still daylight here, the comet's head will not be between the earth and the sun, and by the time daylight has come again it will have passed out of line and the rays will only pass through the tail in reaching the earth.

According to calculations, the head

A. D. S.

A Remedy for Every Ill Each Remedy Guaranteed

Ramsey Drug Co. Phone No. 6

of the comet will be about 2,000,000 miles away from the earth as the earth passes through the tail. The earth will be moving at the rate of about 65,000 miles an hour, and the comet's tail will be whipped in the opposite direction at the rate of over 100,000 miles an hour. Therefore the earth will pass through nearly 170,000 miles of the tail in an hour. It will go through the tail from side to side, and the time of passage is variously estimated from twenty-five to thirty-seven hours.

The comet was last visible seventy-five years ago, and another seventy-five years will pass before it is seen again.

The last comet through whose tail the earth passed was Tebbett's comet. This incident occurred June 30, 1861.

Mrs. Mattie Guest and daughter, Miss Mary, have returned to Kingston after several days visit with Mrs. Minnie Spradling.

DEMOCRATIC POLITI- CAL ANNOUNCEMENTS

The following are the names of
 candidates for public office subject to
 the action of the Democratic pri-
 maries occurring August 2nd
 The Democratic public is assured
 that the names appearing below rep-
 resent Democrats who are regardless
 of the proper support of the Demo-
 cratic press and respectful toward
 the wishes of the people who desire
 to become well acquainted with the
 name and reputation of the man for
 whom they vote

- For Governor
LEE CRUCE
- For Attorney General
CLINT GRAHAM
- For Judge Criminal Court of Appeals
HENRY M FURMAN
- For Clerk Supreme Court
W H L (Swamp) CAMPBELL
- For State Corporation Commissioner
GEO A HENSHAW
- For District Judge 7th District Two
Elect
TOM D MCKEOWN
A T WEST
ROBT M RAINBY
- For State Senator 23rd District
REUBEN M RODDIE
- For Representative
JOHN P CRAWFORD
- For Mine Inspector District No 1
JOHN O'BRIEN
- For County Judge

tive Pontotoc and Seminole Coun-
ties
J L BARHAM
- Justice of the Peace, Ada Precinct
HENRY J BROWN
- For Constable Ada Precinct
E L BUNCH

The republican press has told you
 time and again that the "extra ses-
 sion" cost the state nearly \$100,000
 But has it ever mentioned that by
 passing the fees and salary bill alone
 it saved the state each year at least
 \$400,000? Has it ever told you that
 on a single bill it saved the state
 four dollars for every dollar ex-
 pended? Has it ever told you that

the special session investment pays
 the state year a dividend of 400 per
 cent a reasonable profit Suppose you
 ask your republican neighbor if he
 favors the state spending one dol-
 lar to save four

When the corporation commission
 declared that the Oklahoma railroads
 are making handsome profit on the
 money they have invested, Judge
 Hook decided that the state had set
 too low a valuation on the railroad
 property When the state attempted
 to collect from the railroads taxes
 based on the alleged law valuation,
 the collection was enjoined by Judge
 Cotteral on the ground that the val-
 uation was too high We presume that
 both decisions were sound, but we
 don't understand them

While the Republicans are so ve-
 hemently crying 'extravagance' will
 they please bear in mind that the
 expense of maintaining the federal
 government in the four years 1905-09
 was greater than the expense of
 maintaining the same government in
 the four years 1861-65, when a million
 soldiers were in the field

The little town of Wann in Nowata
 county has a population of 800 all
 white A negro is not allowed to
 spend the night in the town Yet
 thanks to a republican census super-
 visor an illiterate negro Sam
 Evans, has been appointed to take the
 census of Wann

TERRIFIC EXPLOSION KILLS 30, INJURES 50

**Boar Heard Three Miles Away—Bod-
 ies Blown to Atoms—Identifi-
 cation of Dead Difficult.**

Canton, O May 17—With a roar
 that was heard three miles away, a
 battery of seven boilers at the plant
 of the American Sheet & Tinplate
 company exploded today killing from
 20 to 30 men and injuring about 50
 Among the injured are a half dozen
 who cannot recover.

The explosion's force was terrific
 The big plant is a total loss A mere
 egg shell of the building is left

Identification of the men were dif-
 ficult because many of them were
 mutilated Heads were blown from
 several bodies, arms and legs were
 torn from the trunks Fragments of
 bodies were blown blocks from the
 scene and bits of human flesh have
 been picked up on porches and roofs
 of houses and in trees

There were 100 men at work in
 the plant at the time of the acci-
 dent But a dozen or so escaped
 some injury These and others who
 rushed to the plant as soon as the
 disaster was known, worked heroical-
 ly to rescue the injured from the
 ruins which soon took fire

Members of the bereaved families
 rushed frantically to the plant and
 thence to hospitals and residences
 near the ruined shops in an effort
 to find some trace of their loved
 ones

The body of one man unknown
 was blown through a house 700 feet
 from the plant The body entered the
 house from the east side and con-
 tinued in a straight line through a
 bedroom and out the west side The
 torso of another man was found in a
 garden 500 feet away

"For God's sake hit me on the
 head and kill me" cried one work
 man to a man who found him The
 injured man had an arm torn off and
 a great hole in his side

The plant had five mills All the
 employees working at mills one two
 three and four were either killed or
 injured, while the men in mill No
 5 farthest from the boilers es-
 caped serious injury

ANNUAL LETTER OF COUNTY SUPERINTENDENT

OF PONTOTOC COUNTY. ANNUAL
 SCHOOL MEETING JUNE
 7, 1910.

ORDER OF BUSINESS.

- 1 Meeting called to order by Di-
 rector or Chairman
- 2 Reading County Superintend-
 ent's letter
- 3 Reading of Clerk's Annual Re-
 port
- 4 Reading of Treasurers Annual
 Report
- 5 Approval of reports if they
 agree and are correct
- 6 Referring same to an auditing
 committee if they do not agree
- 7 Election of Clerk for a term of
 three years
- 8 Election to fill vacancy in of-
 fice of Director or Treasurer if any-
 one is filling those places by appoint-
 ment since last annual meeting
- 9 Discussion of repairs improve-
 ments and the purchase of any sup-
 plies
- 10 Determining length of school
 term
- 11 Making estimate for maintain-
 ence of school
- 12 Qualifying newly elected of-
 ficers
- 13 Miscellaneous business
- 14 Reading and approving min-
 utes of to-day's meeting

To the Officers and Patrons of the
 Pontotoc County Schools

The time has again come for hold-
 ing the Annual School Meeting the
 object of which is to attend to all
 those duties which count for the
 success of your school In order that
 this meeting be a success it is neces-
 sary that all your deliberations be
 done in a harmonious and agreeable
 way

Presiding Officer.
 The Director presides at this meet-
 ing If he should be absent those
 present may choose the temporary
 officer

Election.
 Elect at this meeting a clerk for
 three years If your Director has
 been appointed since last annual
 meeting elect one for one year If
 your Treasurer has been appointed
 since last annual meeting elect one
 for two years If a vacancy exists
 in either office elect in like manner
 Election may be by ballot or accla-
 mation

Apparatus and Supplies
 It is a source of congratulation to
 note that nearly every school in the
 county has been supplied with the
 necessary equipments I have visit-
 ed about seventy schools in the
 county during the present term and
 find that in nearly every school a
 full set of globe maps charts and
 dictionary in use This speaks well
 for the schools of Pontotoc county

There is one matter that I wish
 to call your attention to especially
 That is with reference to school li-
 braries While we have done some
 good work in starting these libraries
 yet there are many schools that have
 not accomplished much in this di-
 rection The law provides that the
 district employing one teacher shall
 set aside each year not less than
 five dollars and not more than ten
 dollars for this purpose two teach-
 ers not less than ten dollars and not
 more than twenty dollars More than
 three teachers not less than twenty
 five dollars This is done at the
 time the annual estimates are cer-
 tified No levy is required for this
 purpose, but the amount in is to be
 certified to the County Clerk After
 the opening of the schools in the
 fall I shall again furnish the teach-
 ers with a list of library books and
 would insist that you see that the

library is kept growing each year
 as the law requires A good book
 to read is a blessing and an inspira-
 tion for any boy or girl to read, and
 we can place these advantages at
 their hands in the rural schools as
 much so as if they were in the cities
 These books may be read by every
 person of the district, thereby mak-
 ing every school district an intel-
 lectual as well as a social center
 I am glad to see that nearly every
 school in the County has a good well
 of water, and no county in the state
 is blessed with as fine water as Pon-
 totoc county I would suggest that
 the trustees see that this water is
 occasionally kept drawn off during
 vacation, and especially before the
 schools open in the fall

School Buildings.
 In the matter of school buildings
 no county in the state is ahead of
 Pontotoc county One year ago we
 had built twenty new school build-
 ings, and I expressed a hope that
 we could build twenty more in the
 course of another year, but we have
 beat that Instead of having forty
 new buildings, we have fifty out of
 sixteen-one rural school districts
 These are nicely fitted up with every
 convenience, and they are having a
 splendid influence upon the attend-
 ance at school I find too that much
 pride has been taken in the planting
 of trees and beautifying the grounds

The school house is the social cen-
 ter of the school neighborhood It is
 the place for your religious gather-
 ings singing conventions library so-
 cieties, political meetings etc and
 I would suggest that at all these
 meetings the people refrain from ab-
 using the house in any way Fre-
 quently after these meetings teachers
 and pupils are compelled to ginger
 around puddles of ambar after en-
 tering the building This is not right
 Often a teacher or the pupils are
 compelled to clean up after these
 gatherings I am sure you are charit-
 able enough to let me call your at-
 tention to this, for no teacher can
 instill pure thoughts into the mind-
 of your boys and girls in the midst
 of filthy surroundings

Compulsory Law.
 The attendance has been good
 throughout the county this past term
 While the compulsory school law
 has not been all together complied
 with yet it is becoming more res-
 pected each year The people are re-
 garding it as a just law and a
 safeguard to the education of the
 children

Election of Teachers.
 There are three grades of county
 certificates First Second and Third
 Sometimes a very well educated per-
 son holds a Third grade because of
 not having taught Again an applicant
 may ask for a school who holds a
 certificate issued by one of the State
 Normal schools This certificate may
 be only a second grade and yet may
 be called a State certificate be-
 cause heretofore it has been good to
 obtain a school anywhere in the
 state You may distinguish between
 this and the regular state certi-
 ficates of the First grade I would
 suggest that you in your contract
 with teachers you specify a certain
 number of months with the under-
 standing that if the funds run short
 you are not to issue warrants that
 will extend beyond the following
 tax levy which frequently may short-
 en a school term

Estimate of Expenses.
 Under the House Bill No 14 known
 as the Excise Law it becomes no
 longer necessary for the trustees to
 make a tax levy in so many mills
 but the law provides that the di-
 rectors of each school district shall
 meet on the first Monday in July
 of each year, and shall respectively
 make out an itemized statement of
 the estimated needs thereof for the
 current expenses of the ensuing fis-
 cal year Said estimate shall show,
 first any unexpended balance on hand
 of the levy for any previous year or
 years for current expense purpose
 you pass upon the estimated need at
 this meeting, and have same ratified
 by the trustees first Monday in July

Second the statement must show
 any income for school district pur-
 poses and shall include the appor-
 tionment of the County and State
 school fund based on the distribu-
 tion for the last preceding fiscal
 year

Third this itemized estimate must
 be expressed in dollars and must
 show amount necessary for teachers
 salary, library fund, sinking fund,
 sufficient annually to pay at maturity
 bonded indebtedness of such district
 Also the amount necessary to pay to
 the interest coupons falling due on
 its outstanding bonded expenses,
 such as fuel, fixtures etc

Each estimate for each school dis-
 trict shall be published in some news-
 paper published in the county in
 four consecutive issues of a daily or
 two consecutive issues of a weekly
 paper Said publication shall be made
 in each instance by the board of au-
 thority making the estimate Said
 estimate so made out and published
 shall as soon as completed be cer-
 tified to the excise board of the county
 together with an affidavit showing the
 publication thereof as required by

the Act

Excise Board.
 The excise board to whom the es-
 timated expenses are submitted is
 composed of the County Clerk,
 County Treasurer, County Judge,
 County Attorney and County Superin-
 tendent This board shall meet at
 the County seat on the last Satur-
 day of July of each year for the
 purpose of examining the estimates
 of expenses for the county and for
 each city, incorporated town, em-
 bracing a city of the first class town-
 ship and school district therein They
 shall have power to revise and cor-
 rect any estimate certified to them
 when the amount thereof is in excess
 of the just and reasonable needs of
 the municipality for which the same
 is made When they shall have ap-
 proved each estimate, if the same shall
 be within the limits for current ex-
 penses and shall have ascertained
 the assessed valuation of property
 taxes in each school district they
 shall then make the levy for school
 purposes If any estimate certified to
 the excise board for current expenses
 of any school district shall exceed
 the limit of five mills prescribed by
 House Bill No 14, and the excise
 board is of the opinion that such
 excess is reasonable for current ex-
 penses of the school district they
 shall enter such fact upon the record
 of their proceedings and shall give
 notice by publication in one of some
 newspaper, printed in the county,
 that a special election will be held in
 the school district on the second
 Tuesday after the first Monday in
 August next thereafter for the pur-
 pose of submitting to the qualified
 electors of such school district the
 question of making such increased
 levy, 10 mills being the limit for
 schools districts

It shall be the duty of the school
 trustees in each school district to re-
 cord in a book kept for the pur-
 pose the names of all legal voters
 within such school district and at the
 election where it is proposed to vote
 an additional levy above the five mills
 herein authorized for school purposes
 the election shall be held to be a
 legal election when 30 per cent of
 the total number of legal voters liv-
 ing in such school district shall par-
 ticipate therein I have given above
 only such information from House
 Bill No 14 as applies to school dis-
 tricts Any one wishing a copy of
 this bill may write to Hon Wm
 Cross at Guthrie or enclose 4c in
 stamps to Jasper Sipes, Oklahoma
 City, for a copy of the New School
 Law which will include all new edu-
 cational laws passed by extra ses-
 sion of the legislature

Conclusion.
 I am proud of what Pontotoc
 county has done during the past 12
 months We have accomplished great
 things along school lines, but still
 we are not perfect, but by every-
 body working in the harness together
 we can make this county the ban-
 ner county of the state I would en-
 courage the very best teachers you
 can get for the money I would insist
 upon frequent visits to the school by
 trustees and patrons You will find
 your county superintendent ready to
 aid in any way possible to promote
 the best interest of your school
 Hoping that the next years work
 will be most prosperous, I am

Very truly yours
T F PIERCE Co Supt

**J. FRANK LILLY AN ADA
 VISITOR YESTERDAY**
 The genial able and all round
 school man J Frank Lilly of Tish-
 omingo county superintendent of
 Johnston county was in Ada yester-
 day getting in readiness to enter
 his duties as a member of the sum-
 mer normal faculty, It is needless to
 mention that he has the chair of
 German in 1910-11 We are glad to

T. Franklin was the guest of Mr. and Mrs. J. H. Griffith Sunday.
Mr. and Mrs. Lynn of Oakman were visiting Mr. and Mrs. Wallace Lynn last week.

Crops are looking fine in this vicinity. The farmers are all rejoicing over the general rains.
DISCOVERY OF OLD POEM
Believed Was Written by Charlemagne Nearly 1200 Years Ago.

Rome, May 18.—Cardinal Rampolla has made an interesting literary and historical discovery, particulars of which are given in the "Theologie und Glaube," of Paduborn. His eminence devotes a portion of his time to the study of the codices of the Vatican library, and in his researches he found a poem of Charlemagne's, the existence of which was known, though the text was believed to be lost. The poem will be published in a volume of "Anecdota" which will contain only unpublished documents.
The learned member of the Sacred College is convinced, for reasons both intrinsic and extrinsic, that Charlemagne himself is the author of the poem. It contains forty verses elegantly composed. The cardinal says that the great composer expresses in eloquent terms in his name and that of his consort, the Empress Hildegard, their feelings of sorrow on the occasion of the death of their child. The poem is of great value in itself, but its value is all the greater in that it furnishes exact data on the genealogy of the Carolingian dynasty.

COUNCIL MEETING

There was no quorum present Monday night and the council adjourned to meet at 2:30 p. m. Tuesday.
Met promptly Tuesday at appointed time with Chapman, Hope, Weaver, Crowder and Grigsby present.
An ordinance relating to and regulating the construction of buildings in the city was read, referred to ordinance committee on a motion by Evans and seconded by Chapman, carried.
Ordinance defining petty larceny and prescribing the penalty, was read and referred to ordinance committee on motion of Hope and seconded by Crowder.
An ordinance providing for the collection of fines etc, was read, referred to ordinance committee on motion by Chapman and second by Grigsby.

An ordinance regulating the use of vehicles in the city was read and referred to ordinance committee on a motion by Hope, seconded by Grigsby.
Ordinance regulating the speed of railroad trains in the city limits was read and referred to ordinance committee upon a motion by Evans and seconded by Crowder.
An ordinance prohibiting defacing public buildings was read the second time and considered section by section. Evans moved and Hope seconded that ordinance be finally passed. Ayes, Chapman, Hope, Weaver, Grigsby, West, Crowder and Evans.

Ordinance relating to fire department read second time and considered section by section. Hope moved and Chapman seconded that it be passed; Ayes, Chapman, Hope, Grigsby, Weaver, West, Crowder, Evans.
Ordinance relating to and prohibiting the keeping of hogs in pens in the city limits was read the second time. Hope moved and Evans seconded that ordinance be passed. Ayes, Hope, Grigsby, West, Crowder and Evans. No: Chapman, Weaver.

Ordinance closing places of business on Sunday was read a second time. Weaver moved its passage and Evans seconded the motion. Ayes: Weaver, West; No: Chapman Grigsby, Crowder and Evans.
Ordinance prohibiting carrying of fire arms and other weapons read and referred to ordinance committee upon motion by Evans and seconded by West.

Crowder moved and Chapman seconded that city attorney be instructed to proceed with condemnation proceedings and rely on council to stand pat.

JUDGE POWERS MAILS POSTALS

What Appeared Childish Indulgence; a Nice Idea and Clever Advertisement
Judge Charlie Powers passed the News office today on his way to mail a lot of picture post cards, with a look of interest, coupled with reflection on his judicial countenance, suggestive that he was up to something a little out of the ordinary. When the reporter jocularly remarked to him for such childish indulgence by a sedate judge, he exhibited the numerous postals he was sending to friends away. On each of the post cards were elegant photographs of the three public and high school buildings of the city, representing an investment of \$75,000.

Judge Powers said: "This is the way I am celebrating the 10th anniversary of my arrival in Ada. Ten years ago when I reached here, this was a field, which I am indicating to my friends on these picture postals. Such relation, together with the pictorial showing, will tell the story to them of the remarkable achievement of the people here who have built one of the finest little cities in the great state of Oklahoma."

GOVERNOR'S VISIT FRIDAY IMPORTANT TO COUNTY

IF YOU WANT TO KNOW MR. HASKELL SURE ENOUGH, HEAR HIM FRIDAY.

Governor Haskell will visit Ada for the fifth time Friday, the four latter events being in speech-making capacity. His first visit was during 1900 in the interest of railroad construction; the second visit early after the conclusion of the Constitutional Convention when speaking to a moderate crowd at the court house, he defended the accomplishments of the Constitutional Convention delegates; his third appearance was during the national and minor state campaign of 1903, this city being one of his stops at the time of his famous dash over the O. C. Ry. The next and last visit of Governor Haskell to Ada was distinctly one of good will and compliment to the city of Ada. A state normal college had just been located at Ada and the governor's friends felt that he had contributed much toward its securing.

Governor Haskell came to Ada and congratulated her citizens, said he was glad and many other friendly references caused the folks of Ada and her friends to view him in the friendliest possible manner.
The governor will return to Ada Friday and while his characteristic smile and hand clasp will be ready for those receptive one with whom he may come in contact, or who afford him opportunity to personally address them, the reason of his presence is to make a speech of much consequence to the people of Pontotoc county.

Except for a possible characterization or two concerning affairs more or less local to the city and county, it is thought that Governor Haskell's address will be along the lines of the one delivered at Alva the other day that not only electrified his audience of several thousand but created a fever of thought among the people of Northwest Oklahoma that must reap uncalculable results.

YOUNG COUPLE MARRIED YESTERDAY

Weatherington's Ice Cream parlor was the scene of a somewhat unexpected jollification yesterday afternoon.

A young man and a young lady both of Center walked in and asked permission to have a wedding ceremony conducted in the rear of the parlor. The manager readily consented and in a very short time a large crowd had gathered to see the two lives made one. Rev. Nettles officiated and the wedding march was played by Miss Pearl Johnson. After the ceremony, a graphophone played, "I Am Married Now" and that aroused the newly weds to the fact that they were really man and wife.

The program was rather impromptu but it was carried out to the satisfaction of all present.
The young man was John R. Clerk and the girl Ethel Thomas, aged 21 and 16 respectively.

Memorial Service Postponed
The Confederate Veteran Memorial services which was scheduled for last Sunday at the Presbyterian church did not occur on account of stormy weather and under consideration, the veterans have decided to postpone such memorial services as was proposed, until the first Sunday in June at three o'clock at the Presbyterian church. The program for last Sunday's proposed services which had been prepared by the U. D. C.'s was very nice and it is hoped that the ladies will remember to arrange another nice program for the occasion of the memorial services the first Sunday in June.
J. C. CATES, Commander
W. L. BYRD, Adjutant.

Bailey Says Letter Misconstrued.
Gainesville, Tex., May 17.—When the Dallas News reached this city this morning containing a letter Senator Bailey had written S. L. Russell at Plainview, stating he would support Colquitt for governor if it should develop Polindexter had no chance of being elected and that Mr. Colquitt's platform was more in accord with his views than that of Polindexter's, it immediately became the topic of discussion in Mr. Bailey's home town. W. H. Dougherty, a close friend to Mr. Bailey, wired him at Washington regarding the letter and the following telegram was received this afternoon:
Washington, May, 17.—W. H. Dougherty, Gainesville, Tex.: Your telegram received. I have written no letter which by any possible construction suggests that I would under any circumstances favor Colquitt over Polindexter. J. W. BAILEY

PRESBYTERIANS TO MEET

Eighteenth General Assembly to Con-
vene in Tennessee Soon.

Dickson, Tenn., May 18.—The 18th
general assembly of the Cumberland
Presbyterian Church will be convened
in this city next Thursday, to be in
session seven days. Besides discussing
and planning ecclesiastical affairs
for the coming year, the denomination
centenary is to be celebrated. Dele-
gates from sixteen States will at-
tend.

More than usual importance is at-
tached to the assembly this year be-
cause of the status of the controver-
sy between the Cumberland Church
and the Presbyterian Church, U. S. A.,
representing that faction of the
Cumberland Church which amalga-
mated with the Northern Church, so

called, several years ago.
Property valued approximately at
\$3,000,000 is in litigation, each
church claiming the right to title.
Supreme Court decisions in several
States show opposing views as to the
merits of the cases, and a course
of procedure will probably be de-
termined on in an effort to bring the
dispute to a final adjudication.

The woman's board of missions
will meet in conjunction with the as-
sembly for three days.
Dickson was selected as the meet-
ing place this year because of the
fact that the church had its incep-
tion with the gathering of four min-
isters of the Cumberland presbytery,
which separated from the Presby-
terian Church, U. S. A., early in the
nineteenth century, in a log cabin
near this city, hence the derivation
of the name.

WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The
Woman's Tonic and is Now
Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all
you claim for it, and more," writes Mrs.
M. E. Rail, of this place.

"I was a great sufferer for 2 years and
was very weak, but I learned about Car-
dui, and decided to try it. Now I am in
perfect health.

"My daughter, when changing into
womanhood, got in very bad health. I
gave her Cardui and now she enjoys
good health.

"Cardui is worth its weight in gold. I
recommend it for young and old."

Being composed exclusively of harm-
less vegetable ingredients, with a mild
and gentle medicinal action, Cardui is
the best medicine for weak, sick girls
and women.

It has no harsh, powerful, near-pois-
onous action, like some of the strong
minerals and drugs, but helps nature to
perform a cure in a natural easy way.

Try Cardui.

totoc County Organization and it is earnestly desired,
that as nearly as possible, the people of Pontotoc
County hear his address. The State Executive and
County Central Democratic Committees promise the
people of Pontotoc County that Governor Haskell
will deliver a speech in Ada Friday addressed to the
people of Pontotoc county that will be remembered
by them throughout the generation.

The Governor will positively fill the Ada ap-
pointment for Pontotoc county

Friday, May 20 at 2 p. m. Sharp

HEAR HIM

HYDE CASE TO SUPREME COURT

Will Not Go to Prison, Will Remain in Solitary Confinement.

Kansas City, May 17.—If Dr. B. Clarke Hyde's attorneys carry his case to the supreme court the physician will not have to go to prison pending action on the matter by the higher tribunal. He must remain in jail here, however.

This announcement was made by Judge Ralph S. Latschaw late today. Earlier he had said the statute provided an appeal did not act as a supersedeas but on further investigation he found he was in error.

Attorneys for the convicted man said tonight it was possible that a motion for a new trial would be made before Judge Latschaw tomorrow morning. In case it is denied the appeal will be filed with the supreme court at once. All the papers for the latter action are prepared.

It was rumored tonight that Hyde's attorneys will claim the jury was tampered with. Prosecutor Conkling is investigating.

Every time one travels over the Santa Fe from Oklahoma City to Guthrie or returns, he donates thirty-five cents to the republican campaign fund. If he travels farther he pays more. Remember this on election day.

ENGLAND MOURNS KING IN SILENCE

Funeral Services Short and Simple. Body Lies in State Till Friday.

London, May 17.—Simple ceremonies marked the removal today of the body of Edward VII. from Buckingham palace to Westminster hall, but more impressive than the presence of kings and the gorgeous uniforms of state officials and officers of the army and navy was the silent grief displayed by the British people, who massed behind double lines of soldiers, watched with strained eyes and bowed heads, the passing of the gun carriage that bore the coffin of the monarch.

The queen mother, Alexandra, who rode in the first state carriage, suffered with queenly dignity and King George, walking behind the coffin with his two sons, the Duke of Cornwall and Prince Albert, showed no sign of the burdens of sorrow and state that rested upon his shoulders.

EARTH ENTERS COMETS TAIL 11:20 TONIGHT

THOUGH ENVELOPED IN GASEOUS VAPOR NO HARM WILL COME TO OUR PLANET.

ELECTRICAL DISTURBANCES LIKELY

Advisable to Disconnect Telegraph Instruments—Comet Brighter Friday and Saturday Night.

Dallas, Tex., May 18.—All is ready for the plunge of the earth through the tail of Halley's Comet, for the act is set for twenty minutes after 11 tonight, and will continue from three to seven hours. The approach of the celestial vagabond will be hailed from housetop and parapet and on the roofs of the great hotels person of jovial natures will feast as they wait for the enveloping luminosity.

It may be that the aurora borealis will be called into play and that the passing of the great pennant will be visible, but on that point the astronomers express doubts. The gases which compose the twenty-five million mile long appendage are more tenuous than the vacuum which the average air pump can produce and as the molecules average about two or three to the cubic yard there is not much chance of their seriously damaging any of the bystanders.

Will there be heavy lightning from an electrical disturbance if the comet's tail is made up of cathode rays as advanced in some theories? was another question.

Answering this, Father LeSage takes the position that the electrical conditions will be general and not of the sort to produce severe lightning. He thinks it possible that where there are clouds the clouds may become charged with electricity and result in the usual lightning discharge from the clouds. The universal distribution of wires over the world today, he thinks, has a direct effect on distributing any electrical condition and spreading it in all parts alike.

Disconnect Telegraph Apparatus. "I should think it would be advisable to disconnect telegraph instruments, at least until the electrical effect or absence of it, is determined," he said.

The investigation of the electrical effect Father LeSage looks upon as one of the greatest opportunities of-

GOOD TAILORING

Is what gives all clothes style and permanency of shape; it is the vital feature of clothes making and without it any garment will soon lose its shape.

Hart, Schaffner & Marx Fine Tailored Clothes

are well tailored throughout. They have a graceful, pleasing shape that is worked into the garments as they are made and which guarantees permanent and lasting style.

This season is a lively one in the variety of weaves and patterns. Gray seems to lead, plain grays, checks, stripes, plaids, all sorts of mixtures; also a big range of good blues in all patterns, some lined and half lined, some silk lined. The pants, some are plain, others in half peg and some full peg with a 3 inch turn at bottom.

We're pretty certain if you once determine you want permanency in shape, "quality," style and an all wool suit, you'll come to us for your clothes.

Suits from \$10, \$15, \$20, \$25

The Home of Dressy Clothes For Men, Young Men and Boy's

Better Clothes--Better Values Without Extra Cost

A third of a century ago Schloss Bros. & Co., started out to make the best clothes of any house in America--today they are still making better and finer garments.

This house is the Supreme Past Master of the craft, always producing new things. It has imitators but no competitors.

In each garment the reputation of the Schloss Label is safeguarded in every stitch and inch of material.

Brainy men recognize that fine clothes are an important factor, therefore they insist on the Schloss Bros. & Co. label--they accept no others--they know the force of the Biblical wisdom--

A good name is better than great riches; and good favor is above silver and gold.

Prov. Chap 22, VI

We've a splendid line of these superb Schloss Baltimore Clothes

You'll find them no more in price than the ordinary

C. R. DRUMMOND, Clothier and Fur-nisher, Ada, Okla.

Copyright 1910 by Schloss Bros. & Co. The Schloss Label Baltimore and New York

ferred by the present visit of the comet. Extensive preparations are being made to observe the aurora borealis, if it is developed, and its development, Father LeSage says, will practically demonstrate the electricity in the comet's tail, he said.

Neither does Father LeSage expect any earthquakes or ground tremblings, and he does not feel convinced that the recent seismic disturbances are connected with the visit of Halley's comet.

If conditions were just right, and an occurrence of this sort was just impending, it might "set them off," he said. The veneration of a disturbance of this sort by the comet he considers impossible.

Thinks It Semi-Transparent.

Even were the head of the comet to smash directly into the earth, there would probably be no effect. To support this belief is the fact that astronomers are able to see stars directly through the heads of comets. This, Father LeSage says, shows that the head of the comet is either not solid matter, or, if it contains solid matter, it is composed of parts in rapid movement, so they may be seen through just as the spokes of a rapidly revolving wheel fail to obstruct the view of an object on the other side of them.

That the comet has some material substance is shown by the fact that it has weight. "If you take two balls and fasten them to opposite ends of a rubber band stretch them apart and let go, the one will travel farther than the other in going together by observing the deflection of comets from their courses by other heavenly bodies and their effect on the other bodies it is demonstrated that they have weight."

Father LeSage has found no authoritative record of the reported reddening and yellowing of the sky when Tebbett's comet brushed the earth with its tail in 1861, and a subsequent darkening to a green. Even were such an occurrence to take place as a result of the sun's rays passing through the head of the comet before reaching the earth, it would not be noticeable in America, for while it is still daylight here, the comet's head will not be between the earth and the sun, and by the time day light has come again it will have passed out of line and the rays will only pass through the tail in reaching the earth.

According to calculations, the head

A. D. S.

"AMERICAN DRUGGISTS SYNDICATE"

Composed of 10,000 Leading Druggists in the U. S.

A Remedy for Every Ill Each Remedy Guaranteed

Ramsey Drug Co. Phone No. 6

of the comet will be about 2,000,000 miles away from the earth as the earth passes through the tail. The earth will be moving at the rate of about 65,000 miles an hour, and the comet's tail will be whipped in the opposite direction at the rate of over 100,000 miles an hour. Therefore the earth will pass through nearly 170,000 miles of the tail in an hour. It will go through the tail from side to side, and the time of passage is variously estimated from twenty-five to thirty-seven hours.

The comet was last visible seventy-five years ago, and another seventy-five years will pass before it is seen again. The last comet through whose tail the earth passed was Tebbett's comet. This incident occurred June 30, 1861.

Mrs. Mattie Guest and daughter, Miss Mary, have returned to Kingston after several days visit with Mrs. Minnie Spradling.

HENRY J. BROWN

For Constable, Ada Precinct:
E. L. BUNCH

The republican press has told you
time and again that the "extra ses-
sion" cost the state nearly \$100,000
But has it ever mentioned that by
passing the fees and salary bill alone
it saved the state each year at least
\$400,000? Has it ever told you that
on a single bill it saved the state
four dollars for every dollar ex-
pended? Has it ever told you that

the special session investment pays
the state year a dividend of 400 per
cent a reasonable profit. Suppose you
ask your republican neighbor if he
favors the state spending one dol-
lar to save four.

When the corporation commission
declared that the Oklahoma railroads
are making handsome profit on the
money they have invested, Judge
Hook decided that the state had set
too low a valuation on the railroad
property. When the state attempted
to collect from the railroads taxes
based on the alleged low valuation,
the collection was enjoined by Judge
Cottrell on the ground that the val-
uation was too high. We presume that
both decisions were sound, but we
don't understand them.

While the Republicans are so ve-
hemently crying "extravagance," will
they please bear in mind that the
expense of maintaining the federal
government in the four years 1905-09
was greater than the expense of
maintaining the same government in
the four years 1861-65, when a million
soldiers were in the field.

The little town of Wann in Nowata
county has a population of 600, all
white. A negro is not allowed to
spend the night in the town. Yet,
thanks to a republican census super-
visor, an illiterate negro, Sam
Evans, has been appointed to take the
census of Wann.

TERRIFIC EXPLOSION KILLS 30, INJURES 50

Roar Heard Three Miles Away—Bod-
ies Blown to Atoms—Identifica-
tion of Dead Difficult.

Canton, O., May 17.—With a roar
that was heard three miles away, a
battery of seven boilers at the plant
of the American Sheet & Tinplate
company exploded today, killing from
20 to 30 men and injuring about 50.
Among the injured are a half dozen
who cannot recover.

The explosion's force was terrific.
The big plant is a total loss. A mere
egg shell of the building is left.

Identification of the men were dif-
ficult because many of them were
mutilated. Heads were blown from
several bodies, arms and legs were
torn from the trunks. Fragments of
bodies were blown blocks from the
scene and bits of human flesh have
been picked up on porches and roofs
of houses and in trees.

There were 100 men at work in
the plant at the time of the acci-
dent. But a dozen or so escaped
some injury. These and others who
rushed to the plant as soon as the
disaster was known, worked heroical-
ly to rescue the injured from the
ruins, which soon took fire.

Members of the bereaved families
rushed frantically to the plant and
thence to hospitals and residences
near the ruined shops, in an effort
to find some trace of their loved
ones.

The body of one man, unknown,
was blown through a house 700 feet
from the plant. The body entered the
house from the east side and con-
tinued in a straight line through a
bedroom and out the west side. The
torso of another man was found in a
garden 500 feet away.

"For God's sake hit me on the
head and kill me," cried one work-
man to a man who found him. The
injured man had an arm torn off and
a great hole in his side.

The plant had five mills. All the
employees working at mills one, two
three and four were either killed or
injured, while the men in mill No. 5
farthest from the boilers, es-
caped serious injury.

ANNUAL LETTER OF COUNTY SUPERINTENDENT

OF PONTOTOC COUNTY. ANNUAL
SCHOOL MEETING JUNE
7, 1910.

ORDER OF BUSINESS.

1. Meeting called to order by Di-
rector or Chairman.
2. Reading County Superintendent's
letter.
3. Reading of Clerk's Annual Re-
port.
4. Reading of Treasurers Annual
Report.
5. Approval of reports if they
agree and are correct.
6. Referring same to an auditing
committee if they do not agree.
7. Election of Clerk for a term of
three years.
8. Election to fill vacancy in of-
fice of Director or Treasurer if any-
one is filling those places by appoint-
ment since last annual meeting.
9. Discussion of repairs, improve-
ments and the purchase of any sup-
plies.
10. Determining length of school
term.
11. Making estimate for maintain-
ence of school.
12. Qualifying newly elected of-
ficers.
13. Miscellaneous business.
14. Reading and approving min-
utes of to-day's meeting.

To the Officers and Patrons of the
Pontotoc County Schools:

The time has again come for hold-
ing the Annual School Meeting, the
object of which is to attend to all
those duties which count for the
success of your school. In order that
this meeting be a success it is neces-
sary that all your deliberations be
done in a harmonious and agreeable
way.

Presiding Officer.

The Director presides at this meet-
ing. If he should be absent, those
present may choose the temporary
officer.

Election.

Elect at this meeting a clerk for
three years. If your Director has
been appointed since last annual
meeting elect one for one year. If
your Treasurer has been appointed
since last annual meeting elect one
for two years. If a vacancy exists
in either office elect in like manner.
Election may be by ballot or accla-
mation.

Apparatus and Supplies

It is a source of congratulation to
note that nearly every school in the
county has been supplied with the
necessary equipments. I have visit-
ed about seventy schools in the
county during the present term, and
find that in nearly every school a
full set of globes, maps, charts and
dictionary in use. This speaks well
for the schools of Pontotoc county.

There is one matter that I wish
to call your attention to especially.
That is with reference to school li-
braries. While we have done some
good work in starting these libraries,
yet there are many schools that have
not accomplished much in this di-
rection. The law provides that the
district employing one teacher shall
set aside each year not less than
five dollars and not more than ten
dollars for this purpose; two teach-
ers not less than ten dollars and not
more than twenty dollars. More than
three teachers not less than twenty
five dollars. This is done at the
time the annual estimates are cer-
tified. No levy is required for this
purpose, but the amount in is to be
certified to the County Clerk. After
the opening of the schools in the
fall I shall again furnish the teach-
ers with a list of library books, and
would insist that you see that the

library is kept growing each year
as the law requires. A good book
to read is a blessing and an inspira-
tion for any boy or girl to read, and
we can place these advantages at
their hands in the rural schools as
much so as if they were in the cities.
These books may be read by every
person of the district, thereby mak-
ing every school district an intel-
lectual as well as a social center.

I am glad to see that nearly every
school in the County has a good well
of water, and no county in the state
is blessed with as fine water as Pon-
totoc county. I would suggest that
the trustees see that this water is
occasionally kept drawn off during
vacation, and especially before the
schools open in the fall.

School Buildings.

In the matter of school buildings
no county in the state is ahead of
Pontotoc county. One year ago we
had built twenty new school build-
ings, and I expressed a hope that
we could build twenty more in the
course of another year, but we have
beat that. Instead of having forty
new buildings, we have fifty out of
sixty-one rural school districts.
These are nicely fitted up with every
convenience, and they are having a
splendid influence upon the attend-
ance at school. I find too that much
pride has been taken in the planting
of trees and beautifying the grounds.

The school house is the social cen-
ter of the school neighborhood. It is
the place for your religious gather-
ings, singing conventions, library so-
cieties, political meetings, etc., and
I would suggest that at all these
meetings the people refrain from a-
busing the house in any way. Fre-
quently after these meetings teachers
and pupils are compelled to ginger
around puddles of ambear after en-
tering the building. This is not right.
Often a teacher or the pupils are
compelled to clean up after these
gatherings. I am sure you are charit-
able enough to let me call your at-
tention to this, for no teacher can
instill pure thoughts into the minds
of your boys and girls in the midst
of filthy surroundings.

Compulsory Law.

The attendance has been good
throughout the county this past term.
While the compulsory school law
has not been all together complied
with, yet it is becoming more res-
pected each year. The people are re-
garding it as a just law, and a
safeguard to the education of the
children.

Election of Teachers.

There are three grades of county
certificates First, Second and Third.
Sometimes a very well educated per-
son holds a Third grade because of
not having taught. Again an applicant
may ask for a school who holds a
certificate issued by one of the State
Normal schools. This certificate may
be only a second grade and yet may
be called a State certificate, be-
cause heretofore it has been good to
obtain a school any where in the
state. You may distinguish between
this and the regular state certifi-
cates of the First grade. I would
suggest that you in your contract
with teachers you specify a certain
number of months with the under-
standing that if the funds run short
you are not to issue warrants that
will extend beyond the following
tax levy which frequently may short-
en a school term.

Estimate of Expenses.

Under the House Bill No. 14 known
as the Excise Law it becomes no
longer necessary for the trustees to
make a tax levy in so many mills,
but the law provides that the di-
rectors of each school district shall
meet on the first Monday in July
of each year, and shall respectively
make out an itemized statement of
the estimated needs thereof for the
current expenses of the ensuing fi-
scal year. Said estimate shall show,
first, any unexpended balance on hand
of the levy for any previous year or
years for current expense purpose;
you pass upon the estimated need at
this meeting, and have same ratified
by the trustees first Monday in July.

Second, the statement must show
any income for school district pur-
poses and shall include the appor-
tionment of the County and State
school fund based on the distribu-
tion for the last preceding fiscal
year.

Third, this itemized estimate must
be expressed in dollars, and must
show amount necessary for teacher's
salary, library fund, sinking fund,
sufficient annually to pay at maturity
bonded indebtedness of such district.
Also the amount necessary to pay to
the interest coupons falling due on
its outstanding bonded expenses,
such as fuel, fixtures, etc.

the Act.

Excise Board.

The excise board to whom the es-
timated expenses are submitted is
composed of the County Clerk,
County Treasurer, County Judge,
County Attorney and County Superin-
tendent. This board shall meet at
the County seat on the last Satur-
day of July of each year for the
purpose of examining the estimates
of expenses for the county and for
each city, incorporated town, em-
bracing a city of the first class, town-
ship and school district therein. They
shall have power to revise and cor-
rect any estimate certified to them
when the amount thereof is in excess
of the just and reasonable needs of
the municipality for which the same
is made. When they shall have ap-
proved each estimate, if the same shall
be within the limits for current ex-
penses and shall have ascertained
the assessed valuation of property
taxes in each school district they
shall then make the levy for school
purposes. If any estimate certified to
the excise board for current expenses
of any school district shall exceed
the limit of five mills prescribed by
House Bill No. 14, and the excise
board is of the opinion that such
excess is reasonable for current ex-
penses of the school district, they
shall enter such fact upon the record
of their proceedings and shall give
notice by publication in one of some
newspaper, printed in the county,
that a special election will be held in
the school district on the second
Tuesday after the first Monday in
August next thereafter, for the pur-
pose of submitting to the qualified
electors of such school district, the
question of making such increased
levy, 10 mills being the limit for
schools districts.

It shall be the duty of the school
trustees in each school district to re-
cord in a book kept for the pur-
pose the names of all legal voters
within such school district and at the
election where it is proposed to vote
an additional levy above the five mills
herein authorized for school purposes
the election shall be held to be a
legal election when 30 per cent. of
the total number of legal voters liv-
ing in such school district shall par-
ticipate therein. I have given above
only such information from House
Bill No. 14 as applies to school dis-
tricts. Any one wishing a copy of
this bill may write to Hon. Wm.
Cross at Guthrie, or enclose 4c in
stamps to Jasper Sipes, Oklahoma
City, for a copy of the New School
Law which will include all new edu-
cational laws passed by extra ses-
sion of the legislature.

Conclusion.

I am proud of what Pontotoc
county has done during the past 12
months. We have accomplished great
things along school lines, but still
we are not perfect, but by every-
body working in the harness together
we can make this county the ban-
ner county of the state. I would en-
courage the very best teachers you
can get for the money I would insist
upon frequent visits to the school by
trustees and patrons. You will find
your county superintendent ready to
aid in any way possible to promote
the best interest of your school.

Hoping that the next year's work
will be most prosperous, I am,
Very truly yours,
T. F. PIERCE, Co. Supt.

J. FRANK LILLY AN ADA
VISITOR YESTERDAY

The genial, able and all round
school man, J. Frank Lilly of Tish-
omingo, county superintendent of
Johnston county, was in Ada yester-
day, getting in readiness to enter
his duties as a member of the sum-
mer normal faculty. It is needless to
mention that he has the chair of
German in 1910-11. We are glad to
see Mr. Lilly with the E. C. S. N.

Crops are looking fine in this vicinity. The farmers are all rejoicing over the general rains.

DISCOVERY OF OLD POEM
Believed Was Written by Charlemagne Nearly 1,200 Years Ago.

Rome, May 18.—Cardinal Rampolla has made an interesting literary and historical discovery, particulars of which are given in the "Theologie und Glaube," of Paduborn. His eminence devotes a portion of his time to the study of the codices of the Vatican library, and in his researches he found a poem of Charlemagne, the existence of which was known, though the text was believed to be lost. The poem will be published in a volume of "Anecdota" which will contain only unpublished documents.

The learned member of the Sacred College is convinced, for reasons both intrinsic and extrinsic, that Charlemagne himself is the author of the poem. It contains forty verses elegantly composed. The cardinal says that the great composer expresses in eloquent terms in his name and that of his consort, the Empress Hildegard, their feelings of sorrow on the occasion of the death of their child. The poem is of great value in itself, but its value is all the greater in that it furnishes exact data on the genealogy of the Carolingian dynasty.

GOVERNOR'S VISIT FRIDAY
IMPORTANT TO COUNTY

IF YOU WANT TO KNOW MR. HASKELL SURE ENOUGH, HEAR HIM FRIDAY.

Governor Haskell will visit Ada for the fifth time Friday, the four latter events being in speech-making capacity. His first visit was during 1900 in the interest of railroad construction; the second visit early after the conclusion of the Constitutional Convention when speaking to a moderate crowd at the court house, he defended the accomplishments of the Constitutional Convention delegates; his third appearance was during the national and minor state campaign of 1908, this city being one of his stops at the time of his famous dash over the O. C. Ry. The next and last visit of Governor Haskell to Ada was distinctly one of good will and compliment to the city of Ada. A state normal college had just been located at Ada and the governor's friends felt that he had contributed much toward its securement.

Governor Haskell came to Ada and congratulated her citizens, said he was glad and many other friendly references caused the folks of Ada and her friends to view him in the friendliest possible manner.

The governor will return to Ada Friday and while his characteristic smile and hand clasp will be ready for those receptive one with whom he may come in contact, or who afford him opportunity to personally address them, the reason of his presence is to make a speech of much consequence to the people of Pontotoc county.

Except for a possible characterization or two concerning affairs more or less local to the city and county, it is thought that Governor Haskell's address will be along the lines of the one delivered at Alva the other day that not only electrified his audience of several thousand but created a fervor of thought among the people of Northwest Oklahoma that must reap uncalculable results.

YOUNG COUPLE
MARRIED YESTERDAY

Weatherington's Ice Cream parlor was the scene of a somewhat unexpected jollification yesterday afternoon.

A young man and a young lady both of Center walked in and asked permission to have a wedding ceremony conducted in the rear of the parlor. The manager readily consented and in a very short time a large crowd had gathered to see the two lives made one. Rev. Nettles officiated and the wedding march was played by Miss Pearl Johnson. After the ceremony, a graphophone played, "I Am Married Now" and that aroused the newly weds to the fact that they were really man and wife.

The program was rather impromptu but it was carried out to the satisfaction of all present.

The young man was John R. Clerk and the girl Ethel Thomas, aged 21 and 16 respectively.

Memorial Service Postponed
The Confederate Veteran Memorial services which was scheduled for last Sunday at the Presbyterian church did not occur on account of stormy weather and under consideration, the veterans have decided to postpone such memorial services as was proposed, until the first Sunday in June at three o'clock at the Presbyterian church. The program for last Sunday's proposed services which had been prepared by the U. D. C.'s was very nice and it is hoped that the ladies will remember to arrange another nice program for the occasion of the memorial services the first Sunday in June.

JUDGE POWERS MAILS POSTALS
What Appeared Childish Indulgence; a Nice Idea and Clever Advertisement

Judge Charlie Powers passed the News office today on his way to mail a lot of picture post cards, with a look of interest, coupled with reflection on his judicial countenance, suggestive that he was up to something a little out of the ordinary. When the reporter jocularly remarked to him for such childish indulgence by a sedate judge, he exhibited the numerous postals he was sending to friends away. On each of the post cards were elegant photographs of the three public and high school buildings of the city, representing an investment of \$75,000.

Judge Powers said: "This is the way I am celebrating the 10th anniversary of my arrival in Ada. Ten years ago when I reached here, this was a field, which I am indicating to my friends on these picture postals. Such relation, together with the pictorial showing, will tell the story to them of the remarkable achievement of the people here who have built one of the finest little cities in the great state of Oklahoma."

Basley Says Letter Misconstrued.
Gainesville, Tex., May 17.—When the Dallas News reached this city this morning containing a letter Senator Bailey had written S. L. Russell at Plainview, stating he would support Colquitt for governor if it should develop Poindexter had no chance of being elected and that Mr. Colquitt's platform was more in accord with his views than that of "Poindexter's", it immediately became the topic of discussion in Mr. Bailey's home town. W. H. Dougherty, a close friend to Mr. Bailey, wired him at Washington regarding the letter and the following telegram was received this afternoon:

Washington, May 17.—W. H. Dougherty, Gainesville, Tex.: Your telegram received. I have written no letter which by any possible construction suggests that I would under any circumstances favor Colquitt over Poindexter. J. W. BAILEY

PRESBYTERIANS TO MEET

Eighteenth General Assembly to Convene in Tennessee Soon.

Dickson, Tenn., May 18.—The 18th general assembly of the Cumberland Presbyterian Church will be convened in this city next Thursday, to be in session seven days. Besides discussing and planning ecclesiastical affairs for the coming year, the denomination centenary is to be celebrated. Delegates from sixteen States will attend.

More than usual importance is attached to the assembly this year because of the status of the controversy between the Cumberland Church and the Presbyterian Church, U. S. A., representing that faction of the Cumberland Church which amalgamated with the Northern Church, so

called, several years ago.

Property valued approximately at \$3,000,000 is in litigation, each church claiming the right to title. Supreme Court decisions in several States show opposing views as to the merits of the cases, and a course of procedure will probably be determined on in an effort to bring the dispute to a final adjudication.

The woman's board of missions will meet in conjunction with the assembly for three days.

Dickson was selected as the meeting place this year because of the fact that the church had its inception with the gathering of four ministers of the Cumberland presbytery, which separated from the Presbyterian Church, U. S. A., early in the nineteenth century, in a log cabin near this city, hence the derivation of the name.

WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place.

"I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health."

"My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health."

"Cardui is worth its weight in gold. I recommend it for young and old."

Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women.

It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way.

Try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all dealers.
